

AvMed Business Extras

For the Health of Your Business

It's the extras AvMed offers that add value to your health plan. And what business couldn't use a little extra? Our goal is to provide you with an enhanced set of services that free up your time to conduct business – in place of time spent managing your business's health care coverage. Our partnerships with the nation's leading ancillary providers allow us to offer these services to you at a discounted rate.

With AvMed Business Extras, we offer you:

- Payroll solutions – ensure accurate, on-time payroll and all your tax filing and funds transfer needs
- Premium Only Plans (POP) – increase employee take-home pay and reduce company payroll taxes
- COBRA Administration Services – ensure program compliance, while delivering the best service experience available
- Dental Plans – balance the coverage your employees need with a rate you can afford
- Consumer Solutions – provide employees with cost-effective consumer-driven health care options and account management that include HSAs, HRAs, FSAs and DCFASs

AvMed Health Plans is continuously adding Business Extra services.
