Good news! Special Enrollment Period Expands Healthcare Access to Floridians

We are ready to help you at a moment's notice! An executive order by President Biden has expanded Healthcare.gov enrollment from February 15 through May 15, 2021, and we have quickly reacted to help you enroll more Members. Share the good news with your customers and enroll them during this Special Enrollment Period (SEP). They don't have to wait long to start benefiting from their coverage — it starts the first of the month after plan selection.

The Centers for Medicare and Medicaid is opening the SEP for uninsured Americans to sign up for coverage now that they need it most during this global pandemic. Those who already have a health plan through the Affordable Care Act may change their coverage, which makes this a great opportunity to reconnect with your customers and remind them of AvMed's extensive benefits.

AvMed is excited to provide its Members with continued expansion of healthcare access in Florida. We work hard to support our Members and deliver a better health experience. We do this by providing Members with solutions that add up to better service, quality, affordability and health. For over 50 years, AvMed has been committed to helping Floridians live a WELLfluent™ life, rich in what matters most, health and happiness.

We're here to help you succeed. For questions about our new 2021 Individual and Family plans and Agent Compensation programs, please contact our Agent Sales Center at 800-461-2950 or email us at AvMedIndividualAgentSupport@AvMed.org. Our hours are Monday – Friday, 9 am - 6 pm.

Thank you for being a valued Agent partner!

We look forward to helping you enroll new clients on the Marketplace.
