 - iii. such evaluation, treatment, therapy, or device is delivered or should be delivered subject to the approval and supervision of an institutional review board or other entity as required and defined by federal regulations;
 - iv. Credible scientific evidence shows that such evaluation, treatment, therapy, or device is the subject of an ongoing Phase I or II clinical investigation, or the experimental or research arm of a Phase III clinical investigation, or under study to determine: maximum tolerated dosage(s), toxicity, safety, efficacy, or efficacy as compared with the standard means for treatment or diagnosis of the Condition in question;
 - v. Credible scientific evidence shows that the consensus of opinion among experts is that further studies, research, or clinical investigations are necessary to determine: maximum tolerated dosage(s), toxicity, safety, efficacy, or efficacy as compared with the standard means for treatment or diagnosis of the Condition in question;
 - vi. Credible scientific evidence shows that such evaluation, treatment, therapy, or device has not been proven safe and effective for treatment of the Condition in question, as evidenced in the most recently published medical literature in the United States, Canada, or Great Britain, using generally accepted scientific, medical, or public health methodologies or statistical practices;

 - vi. the records (including any reports) of any institutional review board of any institution which has reviewed the evaluation, treatment, therapy, or device for the Condition in question.
- c. In determining whether a Health Care Service is Experimental or Investigational, we may also rely on the predominant opinion among experts, as expressed in the published authoritative literature, that usage of a particular evaluation, treatment, therapy, or device should be substantially confined to research settings or that further studies are necessary in order to define safety, toxicity, effectiveness, or effectiveness compared with standard alternatives.
- 2.31 **Formulary List** means the listing of preferred and non-preferred medications as determined by AvMed's Pharmacy and Therapeutics Committee based on the clinical efficacy, relative safety and cost in comparison to similar medications within a therapeutic class. This multi-tiered list establishes different levels of cost-sharing for medications within therapeutic classes. Specific medications on the Formulary List and their placement in a given therapeutic class are subject to change at any time without prior notice to you or your approval. III. ELIGIBILITY FOR COVERAGE

Any individual and the dependents of an individual who meet and continue to meet the eligibility requirements described in this Contract, shall be entitled to apply for coverage under this Contract. These eligibility requirements are binding upon you and your Eligible Dependents. We may require acceptable documentation that an individual meets and continues to meet the eligibility requirements (e.g., proof of residency, copies of a court order naming the Contractholder as the legal guardian, or appropriate adoption documentation, as described in Part IV. ENROLLMENT AND EFFECTIVE DATE OF COVERAGE).

3.1 Contractholder Eligibility.

- a. To be eligible to apply for coverage as a Contractholder, an individual must:
 - i. maintain continuous primary residence in the AvMed Engage Plan Service Area indicated on the application for coverage;
 - ii. not be eligible for Medicare as of the Effective Date of coverage;
 - iii. apply for coverage under, and be named on the application for, this Contract;
 - iv. be determined by AvMed to meet all required eligibility criteria;

- v. meet other non-medical underwriting requirements established by AvMed; and
- vi. pay the required Premiums.

3.2 **Dependent Eligibility.**

- a. To be eligible to enroll as a Covered Dependent, an individual must:
 - i. maintain continuous primary residence in the Engage Plan Service Area indicated on the application for coverage;
 - ii. not be eligible for Medicare as of the Effective Date of coverage;
 - iii. be named on the initial application for this Contract, or properly enrolled thereafter;
 - iv. be determined by AvMed to meet all required eligibility criteria;
 - v. be the Contractholder's spouse under a legally valid existing marriage; or
 - vi. be the Contractholder's natural, adopted or step child(ren) until the end of the month in which the child reaches the age of 26;
 - vii. be a child for whom the Contractholder has been appointed legal guardian pursuant to a valid court order, until the end of the month in which the child reaches the age of 26;
 - viii. be the newborn child of a Covered Dependent of the Contractholder, other than the Contractholder's spouse (such coverage terminates 18 months after the birth of the newborn child); and
 - ix. pay the required Premiums.

3.3 **Extended Coverage for Dependent Children.**

- a. Continuous Coverage Requirement. If a Covered Dependent is provided coverage under the Contractholder's policy after the child reaches age 26 and the coverage for the child is subsequently terminated prior to the end of the Calendar Year in which the child turns age 30, the child is ineligible to be covered again under the Contractholder's policy unless the child was continuously covered by other creditable coverage without a coverage gap of more than 63 days.
- b. Dependent Children Aged 26 to 30. An Eligible Dependent child who meets the following requirements may be eligible for coverage until the end of the Calendar Year in which the child reaches age 30, if the child:
 - i. is unmarried and does not have a dependent of his own;
 - ii. resides within the Service Area or is a Full-Time or Part-Time Student; and
 - iii. is not provided coverage under any other individual health benefits plan, group, blanket or franchise health insurance policy, or is not entitled to benefits under Title XVIII of the Social Security Act.
- c. Dependent Students on Medically Necessary Leave of Absence. If an Eligible Dependent child is covered because they are a Full-Time or Part-Time Student at a post-secondary school, and they no longer meet the Plan's definition of Full-Time or Part-Time Student due to a Medically Necessary leave of absence, coverage may be extended until the earlier of the following:
 - i. one year after the Medically Necessary leave of absence begins; or
 - ii. the date coverage would otherwise terminate under the Contract.
 - iii. The Medically Necessary leave of absence or change in enrollment status must begin while the child is suffering from a serious illness or injury; or the leave of absence from the school must be medically certified by the child's Attending Physician.
 - iv. Certification must state that the child is suffering from a serious illness or injury and that the leave of absence (or other change of enrollment) is Medically Necessary.
- d. Children with Disabilities. Attainment of the limiting age by an Eligible Dependent child shall not operate to exclude from or terminate the coverage of such child, while such child is, and continues to be, both:
 - i. incapable of self-sustaining employment by reason of mental retardation or physical handicap; and

- ii. chiefly dependent upon the Contractholder for support and maintenance, provided proof of such incapacity and dependency is furnished to AvMed by the Contractholder within 30 days after the date the child attains the limiting age and subsequently as may be required by AvMed, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.
 - e. It is your sole responsibility as the Contractholder to establish that a child meets the applicable requirements for eligibility. Eligibility will terminate at the end of the month in which the child no longer meets the eligibility criteria required to be an Eligible Dependent.
- 3.4 **Qualified Medical Child Support Orders (QMCSO).** In the event an Eligible Dependent child does not reside with the Contractholder, coverage will be extended when the Contractholder is obligated to provide medical care by a QMCSO. You (or your beneficiaries) may obtain, without charge, copies of the Plan's procedures governing QMCSOs and a sample QMCSO by contacting the Plan Administrator.
- 3.5 **Notification Requirement.** It is the Contractholder's responsibility to notify AvMed when a Covered Dependent no longer meets the eligibility requirements set forth herein. Contractholders must notify us in writing immediately if any Covered Dependent ceases to meet the eligibility requirements, but not later than 30 days after the date of the dependent's loss of eligibility. If notification is received after such 30-day period, the termination of coverage will be made effective as of a current date and no Premiums will be refunded. Contractholders agree to provide supporting documentation upon request by AvMed.
- 3.6 **Onset of Medicare Eligibility During AvMed Coverage.** If you become eligible for Medicare while covered under AvMed, under the terms of this Contract, Medicare will pay primary to the extent required by federal law. In the event that you are eligible for Medicare Parts A, B, and/or D, AvMed will base our payment upon the benefits covered by the applicable Medicare Part, regardless of whether or not you are actually enrolled. As long as you continue to pay the Premium to AvMed, you will remain enrolled in your AvMed policy, subject to the reduced benefits described above. Please direct any questions regarding Medicare eligibility and enrollment to your local Social Security Administration office at 1-800-772-1213.
- 3.7 **Enrollment Restriction.** No person is eligible to enroll hereunder who has had his coverage previously terminated under Section 5.3c, except with the written approval of AvMed.

- 5.2 **Termination by Contractholder.**

- 5.3 **Termination by AvMed.**
 - a. Loss of Eligibility.
 - i. Notification Required by Contractholder. It is the Contractholder's responsibility to notify AvMed if he or his Covered Dependents no longer meet the eligibility requirements set forth herein.  - 2) the knowing misrepresentation, omission or the giving of false information to us for the purpose of obtaining coverage under this Contract by you or on your behalf;
 - 3) misuse of the AvMed Identification Card; or
 - 4) behavior which is disruptive, unruly, abusive, or uncooperative to the extent that the Member's continuing coverage under this Contract seriously impairs AvMed's ability to administer this Contract or to arrange for the delivery of Health Care Services to the Member or other Members after AvMed has attempted to resolve the Member's problem.
 - ii. After two years from the Effective Date, only fraudulent misstatements in your application or enrollment forms may be used by us to void coverage or deny any claim for loss incurred or disability starting after the two-year period.

5.4 **Termination Based on Discontinuation of Contract.** We may decide to discontinue this Contract; however, in such case we will provide notice to each Contractholder of such discontinuation at least 90 days prior to the date of the non-renewal of such coverage; we will offer to each Member the option to purchase any other health care coverage for Individuals and Families currently being offered by us in the State of Florida; and we will act uniformly without regard to any health-status-related factor of Members or individuals who are or who may become eligible for such coverage.

5.5 **Termination Based on Discontinuation of all Products in Individual Market.** We may terminate this Contract if we elect to terminate all of the contracts issued in the individual market in this state. In that case, we will provide notice, at least 180 days prior to the date of non-renewal, to the Office of Insurance Regulation and the Contractholder.

5.6 **AvMed's Obligations upon Termination.** Upon termination of your coverage for any reason, AvMed will have no further liability or responsibility to you under this Contract, except as specifically described herein. 5.7 **Reinstatement After Termination for Non-Payment of Premium.** In the event your coverage is terminated for non-payment of Premium, this Contract may be reinstated solely at AvMed's discretion, upon re-application by the Contractholder and upon timely payment to us of the applicable Premiums and any applicable late payment fees. If the application for reinstatement is approved by us, the Contract will be reinstated as of the approval date.

VI. MONTHLY PREMIUM PAYMENTS, COPAYMENTS, COINSURANCE AND DEDUCTIBLES

This Section explains your Premium payment responsibility and your share of the expenses for Covered Services you receive. Members are responsible and will be liable for applicable Deductibles, Copayments and Coinsurance amounts which must be paid to Health Care Providers for certain services at the time services are rendered, as shown in the Schedule of Benefits. In addition to the information explained in this Section, it is important that you refer to your Schedule of Benefits to determine your share of the cost for Covered Services.

- 6.1 **Monthly Premium Payment.** This Contract is not enforceable until the Contractholder's application for coverage has been received by us, is acceptable to us, and we have received the Contractholder's first Premium payment. All subsequent Premium payments are payable in advance or within the Grace Period. The amount of the Contractholder's initial monthly Premium is indicated on the front cover of this Contract. Failure on our part, for whatever reason, to provide the Contractholder with a notice of payment due does not justify the Contractholder's non-payment of Premiums. It is the Contractholder's responsibility to submit the indicated Premium by the end of the Grace Period or to notify us that a billing was not received.
- a. The Premium will automatically change if the Contractholder changes contractual underwriting requirements, such as moving to a different geographic area, or if the number of individuals covered under this Contract changes. We will not change your Premium because of claims filed or due to a change in your health since becoming a Member. Renewal Premiums may be based on your original Premium, age, area of residence, tobacco use, and the type of health benefit plan you select. Additionally, the Premium may increase each year on the anniversary date due to the increase in the age of any Member. We will provide 30-day notice of any such change in Premium.
 - b. If we accept the Premium for coverage of a Covered Dependent for a period extending beyond the date, age, or event specified for termination of such Covered Dependent, then coverage for such a Covered Dependent shall continue during the Grace Period for which an identifiable Premium was accepted, except if such acceptance resulted from a misstatement of age, tobacco use or residence.
- 6.2 **Premium Payment Due Date.** The first Premium payment is due before the Effective Date of this Contract. Each following Premium payment is due as indicated on the Contractholder's application, on or before the due date, unless the Contractholder and AvMed agree in writing on some other method or frequency of Premium payment.
- 6.3 **Grace Period.** The Grace Period is the time frame after the date the Premium payment is due, during which we will accept payment and continue your coverage. This Contract has a 20-day Grace Period. The Grace Period begins on the date the Premium payment is due, and ends at 12.00 a.m. (midnight) on the 20th day immediately following the Premium due date. If any required Premium payment is not received by us on or before the date it is due, it may be paid during this Grace Period. Coverage will remain in force during the Grace Period. However, if payment is not received by the last day of the Grace Period, termination of this Contract for nonpayment of Premium will be retroactive to 12:00 a.m. (midnight) on the last day for which the Premium was received. Premium payments received after the Grace Period may be accepted solely at AvMed's discretion and may be subject to a late payment fee.
- 6.4 **Calendar Year Deductible.** This amount, when applicable, must be satisfied each Calendar Year before AvMed's payment toward Covered Services will begin. Only those expenses for Covered Services submitted on Claims to AvMed will be credited toward the Calendar Year Deductible. Certain Covered Services may not be subject to the Calendar Year Deductible, as shown in your Schedule of Benefits.
- a. **Individual Calendar Year Deductible.** The Individual Calendar Year Deductible, when applicable, must be satisfied by each Member each Calendar Year before AvMed's payment toward Covered Services will begin during that Calendar Year.
 - b. **Family Calendar Year Deductible.** The Family Calendar Year Deductible, when applicable, may be satisfied by any combination of two or more family members meeting the Family Deductible amount. The maximum amount that any one Member in your family can contribute toward the Family Calendar Year Deductible is the amount credited toward the Individual Calendar Year Deductible. Once the Family Calendar Year Deductible has been satisfied, no other Member of the family will have any additional Calendar Year Deductible responsibility for the remainder of that Calendar Year.

- 6.5 **Copayment and Coinsurance Requirements.** Covered Services rendered by certain Health Care Providers at certain locations or settings will be subject to a Copayment or Coinsurance requirement. This is the fixed dollar amount (Copayment) or percentage of the Allowed Amount (Coinsurance) you have to pay when you receive these services. Please refer to your Schedule of Benefits for particular Covered Services which are subject to a Copayment or Coinsurance. All applicable Calendar Year Deductible, Copayment or Coinsurance amounts must be satisfied before we will pay any portion of the Allowed Amount for Covered Services.
- 6.6 **Calendar Year Out-of-Pocket Maximum.** Deductible, Copayment and Coinsurance amounts paid for Covered Benefits received during the Calendar Year will accumulate toward the Calendar Year Out-of-Pocket Maximum. Services and expenses that are not Covered Benefits will not accumulate toward the Calendar Year Out-of-Pocket Maximum.
- a. Individual Calendar Year Out-of-Pocket Maximum. Once a Member reaches the Individual Calendar Year Out-of-Pocket Maximum amount shown in your Schedule of Benefits, we will pay for Covered Services received by that Member during the remainder of the Calendar Year at 100% of the Allowed Amount.
 - b. Family Calendar Year Out-of-Pocket Maximum. If your Contract includes a Family Calendar Year Out-of-Pocket Maximum, once your family has reached the Family Calendar Year Out-of-Pocket Maximum amount shown in your Schedule of Benefits, we will pay for Covered Services received by you and your Covered Dependents during the remainder of that Calendar Year at 100% of the Allowed Amount. The maximum amount any one Member in your family can contribute toward the Family Calendar Year Out-of-Pocket Maximum is the amount applied toward the Individual Calendar Year Out-of-Pocket Maximum.
 - c. Expenses for items and services that are not, as determined by AvMed, Medically Necessary Covered Benefits or Covered Services under this Contract will not accumulate toward the Out-of-Pocket Calendar Year Maximums.
- 6.7 **Additional Expenses You Must Pay.** In addition to your share of the expenses described above, you are responsible for payment of charges for:
- a. non-covered services;
 - b. Prescription Drug Brand Additional Charges; and
 - c. expenses for Claims denied because we did not receive information requested from you regarding any other coverage and the details of such coverage.
- 6.8 **Estimate of Cost for Covered Services.** You may obtain an estimate of the cost for particular services from Participating Physicians and Providers by contacting AvMed's Member Engagement Center at the telephone number on the cover of this Contract or on your AvMed Identification Card. The fact that we may provide you with such information does not mean that the particular service is a Covered Service. All terms and conditions included in your Contract apply.

VII. PHYSICIANS, HOSPITALS AND OTHER PROVIDER OPTIONS

- 7.1 **Provider and Service Arrangement.** AvMed is committed to arranging for comprehensive prepaid Health Care Services rendered to its Members through the Engage Plan's network of contracted independent Physicians and Hospitals and other independent Health Care Providers, as described in this Contract, under reasonable standards of quality health care. The professional judgment of a Physician licensed under Chapter 458 (Physician), 459 (osteopath), 460 (chiropractor) or 461 (podiatrist), *Florida Statutes*, concerning the proper course of treatment of a Member shall not be subject to modification by AvMed, its Board of Directors, officers or administrators. However, this Section is not intended to and shall not restrict any Utilization Management Program established by AvMed.
- 7.2 **Primary Care Physician Selection.** With the AvMed Engage Plan, Members are required to select a PCP upon enrollment. Upon enrollment, you can choose from a list of PCPs who are AvMed Engage Plan Participating Physicians. If you do not choose a PCP yourself, AvMed will select one for you.

- a. Advantages of utilizing a PCP.
 - i. PCPs are trained to provide a broad range of medical care. Developing and continuing a relationship with a PCP allows the Physician to become knowledgeable about you and your family's health history and act as a valuable resource to coordinate your overall healthcare needs.
 - ii. A PCP can help you determine when you need to visit a Specialty Physician and also help you find one based on your PCP's knowledge of you and your specific healthcare needs.
 - iii. Care rendered by PCPs usually results in lower out-of-pocket expenses for you.
- b. Selecting a PCP.
 - i. Types of PCPs include family, general, and internal medicine practitioners, OB/GYNs who may be selected as PCPs for women, and pediatricians who may be selected as PCPs for children.
 - ii. You must notify us of your PCP selection. Members must also notify and receive approval from AvMed prior to changing PCPs. PCP changes will become effective on the first day of the month after AvMed is notified. PCP selections cannot be changed more than once per month.

7.3 **Specialty Physicians.** You are entitled to see participating Specialty Physicians. Under this Engage Plan, Members may need a PCP referral to see a Specialty Physician. This means you will need to get approval in advance from your PCP to see certain Specialty Physicians and to receive certain services. Referrals will be processed electronically as Physician-to-Physician transactions, meaning that your PCP will create and send the referral to the Specialty Physician electronically. This process allows PCPs to establish referrals in a manner that is faster, easier and more convenient for all.

7.4 **Provider Directory.** The names and addresses of Engage Plan Participating Providers and Hospitals are set forth in a separate booklet which, by reference, is made a part hereof. The list of Participating Providers, which may change from time to time, will be provided to all Contractholders. The list of Participating Providers may also be accessed from AvMed's website at www.avmed.org. Health Professionals may from time to time cease their affiliation with AvMed. In such cases, Members may be required to receive services from another participating Health Professional. Notwithstanding the printed booklet, the names and addresses of Participating Providers on file with AvMed at any given time shall constitute the official and controlling list of Participating Providers.

7.5 **Resident Referral to Skilled Nursing Unit or Assisted Living Facility.** If you currently reside in a continuing care facility or a retirement facility consisting of a nursing home or assisted living facility and residential apartments, this notice applies to you. You may request to be referred to that facility's skilled nursing unit or assisted living facility. If the request for referral is denied, you may use the appeal process described in Part XIII. REVIEW PROCEDURES/HOW TO APPEAL A CLAIM (BENEFIT DENIAL).

VIII. COVERED BENEFITS AND SERVICES

8.1 **Covered Benefits and Services.** Members are entitled to receive Covered Benefits and Services only as specified herein, appropriately prescribed or directed by Participating Physicians and Providers, in conformity with Part II. DEFINITIONS, Part IX. COVERED SERVICE CATEGORIES, Part X. LIMITATIONS OF COVERED SERVICES, Part XI. EXCLUSIONS FROM COVERED SERVICES, and the Schedule of Benefits, which by reference is incorporated herein. Except for Emergency Medical Services and Care as provided in Section 9.19c, all services must be received from Participating Physicians and Providers within the Service Area, and AvMed shall have no liability or obligation whatsoever on account of services or benefits sought or received by any Member from any Non-Participating Physician, provider or other person, institution or organization, unless prior arrangements have been made for the Member and confirmed by written referral or Prior Authorization from AvMed.

8.2 **Pre-existing condition exclusions are not applicable** under this Contract.

8.3 **Medicare Secondary Payer Provision.** When you become covered under Medicare and are still eligible and covered under this Plan, your coverage under this Plan will be primary and Medicare benefits will be secondary, but only to the extent required by law. In all other instances, such as when you turn 65 or become eligible for Medicare due to a disability other than End Stage Renal Disease (ESRD), your

coverage under this Plan will be secondary to any Medicare benefits. In such circumstances, enrolling in Medicare when you are first eligible can maximize your benefits. When your coverage under this Plan is the primary payer, claims for Covered Services should be filed with us first.

- a. Individuals with ESRD. If you become entitled to Medicare coverage because of ESRD, your coverage under this Plan is primary for 30 months beginning with the earlier of:
 - i. the month in which you became entitled to Medicare Part A ESRD benefits; or
 - ii. the first month in which you would have been entitled to Medicare Part A ESRD benefits if a timely application had been made.

8.4 **Care Management Programs.** We have established (and from time to time establish) various Member-focused health education and information programs as well as benefit Utilization Management Programs and utilization review programs. These voluntary programs, collectively called the Care Management Programs, are designed to:

- a. provide you with information that will help you make more informed decisions about your health;
- b. help us facilitate the management and review of the coverage and benefits provided under our policies; and
- c. present opportunities as explained below, to mutually agree upon alternative benefits for cost-effective medically appropriate Health Care Services.

8.5 **Inpatient Facility Program.** Under the inpatient facility program, we may review Hospital stays, Skilled Nursing Facility services, and other Health Care Services rendered during the course of an inpatient stay or treatment program. We may conduct this review while you are an inpatient or after your discharge. The review is conducted solely to determine whether we should provide coverage or payment for a particular admission or Health Care Services rendered during that admission. Using our established criteria then in effect, a concurrent review of the inpatient stay may occur at regular intervals. We will provide notification to your Physician when inpatient Coverage Criteria is no longer met.

- a. In administering the inpatient facility program, we may review specific medical facts or information and assess, among other things, the appropriateness of the services being rendered, health care setting or the level of care of an inpatient admission or other health care treatment program. Any such reviews by us, and any reviews or assessments of specific medical facts or information which we conduct, are solely for purposes of making coverage or payment decisions under this Contract and not for the purpose of recommending or providing medical care.
- b. In anticipation of your needs following an inpatient stay, we may provide you and your Physician with information about other Care Management Programs which may be beneficial to you, and we may help you and your Physician identify health care resources which may be available in your community. Upon request, we will answer questions your Physician has regarding your coverage or benefits following discharge from the Hospital.
- c. Please note that we reserve the right to discontinue or modify our Prior Authorization requirements and any Care Management Programs at any time without your consent.

8.6 **Medical Necessity.** In order for Health Care Services to be covered under this Contract, such services must meet all of the requirements to be a Covered Benefit or Covered Service, including being Medically Necessary, as defined by AvMed.

- a. Review of Medical Necessity. It is important to remember that any review of Medical Necessity by us is solely for the purposes of determining coverage, benefits, or payment under the terms of this Contract and not for the purpose of recommending or providing medical care. In this respect, we may review specific medical facts or information pertaining to you. Any such review, however, is strictly for the purpose of determining whether a Health Care Service provided or proposed meets the definition of Medical Necessity in this Contract, as determined by us. In applying the definition of Medical Necessity in this Contract to a specific Health Care Service, we will apply our coverage and payment guidelines then in effect. You are free to obtain a service even if we deny coverage because the service is not Medically Necessary; however, you will be solely responsible for paying for the service.

- b. Medical Necessity Examples. Examples of hospitalization and other Health Care Services that are not Medically Necessary include:
 - i. staying in the Hospital because arrangements for discharge have not been completed;
 - ii. staying in the Hospital because supervision in the home, or care in the home, is not available or is inconvenient; or being hospitalized for any service which could have been provided adequately in an alternate setting (e.g., Hospital outpatient department);
 - iii. inpatient admissions to a Hospital, Skilled Nursing Facility, or any other facility for the purpose of Custodial Care, convalescent care, or any other service primarily for the convenience of a Member, his family members or a provider; or
 - iv. use of laboratory, x-ray, or other diagnostic testing that has no clear indication, or is not expected to alter your treatment.
- c. Whether or not a Health Care Service is specifically listed as an Exclusion, the fact that a provider may prescribe, recommend, approve, or furnish a Health Care Service does not mean that the service is Medically Necessary (as defined by us) or a Covered Service. Please refer to Part II. DEFINITIONS for the definitions of 'Medically Necessary' or 'Medical Necessity'.

8.7 **Decision-Making for Health Care Services.** All decisions that require or pertain to independent professional medical/clinical judgment or training, or the need for Health Care Services, are solely your responsibility and that of your treating Health Professionals. You and your Health Professionals are responsible for deciding what medical care should be rendered or received and when that care should be provided. We are solely responsible for determining whether expenses incurred for Health Care Services are covered under this Contract. In making coverage decisions, we will not be deemed to participate in or override your decisions concerning your health or the medical decisions of your Attending Physicians and other Health Care Providers. Members acknowledge that it is possible that a Member and his Physicians may determine that such services are appropriate even though such services are not covered and will not be arranged or paid for by AvMed.

8.8 **Member's Responsibility in Seeking Covered Benefits and Services.** You are solely responsible for selecting a provider when obtaining Health Care Services and for verifying whether that provider is a Participating Provider at the time Health Care Services are rendered. You are also responsible for determining any corresponding payment options at the time the Health Care Services are rendered. If a Member does not follow these access rules, he risks having the services and supplies received not covered under this Contract. In such a circumstance, any payment that AvMed may make will not exceed the Maximum Allowable Payment and the Member will be responsible for reimbursing AvMed for the services and supplies received. It is the Member's responsibility when seeking benefits under this Contract to identify himself as a Member of AvMed.

8.9 **Services that Require Prior Authorization.**

- a. Members should remember that services provided or received without Prior Authorization from AvMed, when authorization is required, are not covered except when required to treat an Emergency Medical Condition. Furthermore, if an inpatient admission is extended beyond the number of days initially approved, without Prior Authorization for the continued stay, it may result in services not being covered. Before a service is performed, you should verify with your Health Professional that the service has received Prior Authorization. If you are unable to secure verification from your Health Professional, you may also call AvMed at 1-800-452-8633.

XII. PHARMACY MEDICATION BENEFITS

- 12.1 **Pharmacy Benefits Definitions.** For purposes of this Contract the following terms have the meanings set forth below. See also Part II. DEFINITIONS.
 - a. **Brand Medication** means a Prescription Drug that is usually manufactured and sold under a name or trademark by a pharmaceutical manufacturer or a medication that is identified as a Brand Medication by AvMed. AvMed delegates determination of Generic/Brand status to our Pharmacy Benefits Manager.
 - b. **Brand Additional Charge** means the additional charge that must be paid if you or your Physician chooses a Brand Medication when a Generic equivalent is available. The charge is the difference between the cost of the Brand Medication and the Generic Medication. This charge must be paid in addition to the non-preferred brand cost-sharing amount.. The Brand Additional Charge does not apply toward the Calendar Year Deductible or Out-of-Pocket Maximum.
 - c. **Dental-specific Medication** is medication used for dental-specific purposes including fluoride medications and medications packaged and labeled for dental-specific purposes.
 - d. **Generic Medication** means a medication that has the same active ingredient as a Brand Medication or is identified as a Generic Medication by AvMed's Pharmacy Benefits Manager.
 - e. **Maintenance Medication** is a medication that has been approved by the FDA, for which the duration of therapy can reasonably be expected to exceed one year, as determined by the Pharmacy Benefits Manager.

- f. **Participating Pharmacy** means a pharmacy (retail, mail order or specialty pharmacy) that has entered into an agreement to provide Prescription Medications to AvMed Members and has been designated as a Participating Pharmacy. Except for emergencies, covered Prescription Medications must be obtained at Participating Pharmacies.
 - g. **Specialty Medications** are high cost medications that are self-administered by Members. These medications may be limited in distribution to participating specialty pharmacies. Many of these medications require Prior Authorization and are limited to a maximum 30 day supply per dispensing.
- 12.2 **Pharmacy Coverage Criteria.** Your Prescription Medication coverage includes outpatient medications (including certain contraceptives) that require a prescription, are prescribed by a Physician in accordance with AvMed's Coverage Criteria, and are filled at an AvMed Participating Pharmacy. AvMed reserves the right to make changes in Coverage Criteria for covered products and services.
- 12.3 **Prior Authorization and Progressive Medication Program.** Your Prescription Medication coverage may require Prior Authorization, and such Prior Authorization may include the Progressive Medication Program for certain covered medications. The prescribing Physician or the Participating Pharmacy must obtain approval (prior to dispensing) from AvMed. The list of Prescription Medications requiring Prior Authorization is subject to periodic review and modification by AvMed and may be amended without notice. A copy of the list of covered Prescription Medications, drugs requiring Prior Authorization and drugs that are a part of the Progressive Medication Program are available from AvMed's Member Engagement Center or from the AvMed website. The Progressive Medication Program encourages the use of therapeutically-equivalent lower-cost medications by requiring certain medications to be utilized to treat a Condition prior to approving another medication for that Condition. The Progressive Medication Program includes the first-line use of preferred medications that are proven to be safe and effective for a given Condition and can provide the same health benefit as more expensive non-preferred medications at a lower cost.
- 12.4 **Cost-Sharing and Refilling Prescriptions.** Your retail Prescription Drug coverage includes up to a 30-day supply of a medication for the cost-sharing amounts shown in your Schedule of Benefits. Your prescription may be refilled via retail or mail order after 75% of your previous fill has been used and subject to a maximum of 13 refills per year. You also have the opportunity to obtain a 90-day supply of Prescription Medications used for chronic Conditions including asthma, cardiovascular disease and diabetes, from a retail Participating Pharmacy or via mail order for the applicable cost-sharing per 30-day supply.
- 12.5 **Quantity Limits for Prescriptions.** Quantity limits are set in accordance with FDA approved prescribing limitations, general practice guidelines supported by medical specialty organizations, or evidence-based, statistically valid clinical studies without published conflicting data. This means that a medication-specific quantity limit may apply to Prescription Medications that have an increased potential for over-utilization or an increased potential for a Member to experience an adverse effect at higher doses.
- 12.6 **Obtaining Prescribed Medications.** To obtain your Prescription Medication, take your prescription to, or have your Physician call, an AvMed Participating Pharmacy. Present your prescription along with your AvMed Identification Card. Pay any applicable Calendar Year Deductible and Copayment or Coinsurance (as well as the Brand Additional Charge if you or your Physician chooses a Brand Medication when a Generic equivalent is available) shown in your Schedule of Benefits. Your Physician should submit prescriptions for Specialty Medications to AvMed's participating specialty pharmacy.
- 12.7 **Mail Services for Prescriptions.** Mail-order Prescription Drug coverage includes up to a 90-day supply of a routine Maintenance Medication for the cost-sharing amount shown in your Schedule of Benefits. If the amount of medication is less than a 90-day supply, you will still be charged the mail order cost-sharing amount. Mail service is a benefit option for Maintenance Medications needed for chronic or long-term health Conditions. It is often best to get an initial prescription filled at your retail Participating Pharmacy. Ask your Physician for an additional prescription for a 60-90-day supply of your medication to be ordered through mail service. Please refer to your Schedule of Benefits for cost-sharing amounts for Prescription Medications ordered through mail services.
- 12.8 **Pharmacy Benefits Disclaimer.** Filling a prescription at a pharmacy is not a Claim for benefits and is not subject to the Claims and Appeals procedures. However, any Prescription Medications that require Prior

Authorization will be treated as a Claim for benefits subject to the Claims and Appeals Procedures, as outlined in this Contract.

- 12.9 **Pharmacy Benefits Limitations and Exclusions.** The following items are limited or excluded from your Prescription Medication coverage:

 - e. In deciding an appeal of any Adverse Benefit Determination that is based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, medication, or other item is Experimental or Investigational or not Medically Necessary, the appropriate named fiduciary shall consult with a Health Professional who has appropriate training and experience in the field of medicine involved in the medical judgment.
 - f. The appeal shall provide for the identification of medical or vocational experts whose advice was obtained on behalf of AvMed in connection with a Claimant's Adverse Benefit Determination, without regard to whether the advice was relied upon in making the Adverse Benefit Determination.
 - g. The appeal shall provide that the Health Professional engaged for purposes of a consultation shall be an individual who is neither an individual who was consulted in connection with the initial Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of any such individual.
 - h. In the case of an Urgent Care Claim, there shall be an expedited review process pursuant to which:
 - i. a request for an expedited appeal of an Adverse Benefit Determination may be submitted orally or in writing by the Claimant; and
 - ii. all necessary information, including AvMed's benefit determination on review, shall be transmitted between AvMed and the Claimant by telephone, facsimile or other available similarly expeditious methods.
- 13.6 **Manner and Content of Appeal Notification.** AvMed shall provide a Claimant with written or electronic notification of its benefit determination upon review. In the case of an Adverse Benefit Determination, AvMed will notify both the Member and the Health Professional, and the notification shall set forth all of the following as appropriate, in a manner calculated to be understood by the Claimant:
- a. the specific reasons for the Adverse Benefit Determination;
 - b. reference to the specific Contract provisions on which the Adverse Benefit Determination is based;
 - c. a statement that the Claimant is entitled to receive reasonable access to, and copies of, any Relevant Documents, upon request and free of charge;
 - d. a statement describing any voluntary appeal procedures offered by AvMed and the Claimant's right to obtain information about such procedures and a statement of the Claimant's right to bring an action under ERISA Section 502(a) when applicable;
 - e. any internal rule, guideline, protocol, or other similar criterion relied upon in making the Adverse Benefit Determination; or a statement that such was relied upon and that a copy shall be provided free of charge to the Claimant upon request;

- f. if the Adverse Benefit Determination is based on whether a treatment or service is Experimental or Investigational, or not Medically Necessary, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Member's medical circumstances; or a statement that such explanation shall be provided free of charge upon request.

13.7 **External Review.** In the event of a final internal Adverse Benefit Determination a Claimant may be entitled to an external review of the Claim. This request must be submitted in writing on an External Review Request form, within 120 days of receipt of the Adverse Benefit Determination. The external reviewer will render a recommendation within 45 calendar days unless the request meets expedited criteria, in which case it will be resolved as soon as administratively possible, but not later than 72 hours. The external reviewer's recommendation will be binding. The external reviewer will notify the Claimant of its decision in writing, and the Plan will take action as appropriate to comply with such recommendation. For detailed information about the external review process, please contact AvMed's Member Engagement Center.

13.8 **Remedies if Process "Deemed Exhausted."**

- a. If we continue to deny the payment, coverage, or service requested or you do not receive a timely decision, you may be able to request an external review of your Claim by an independent third party, who will review the denial and issue a final decision. You may contact AvMed's Member Engagement Center at 1-800-477-8768 with any questions on your rights to external review. Please understand that if you want to be informed about the legal remedies that may be available to you and whether they are a better option for you than seeking independent external review, you should consult a lawyer of your choice. AvMed cannot provide you with legal advice. We can only explain the procedures for obtaining independent external review.

XIV. COORDINATION OF BENEFITS

Coordination of Benefits (COB) is a limitation of coverage and benefits to be provided by AvMed. This provision is required by and subject to applicable federal and Florida law concerning coordination of health care benefits and will be modified to the extent necessary to enable us to comply with such laws. COB determines the manner in which expenses will be paid when you are covered under more than one health plan, program, or policy providing benefits for Health Care Services. COB is designed to avoid the costly duplication of payment for Covered Services.

14.1 **Items Subject to COB.** Health plans, programs or policies which may be subject to COB include the following, which will be referred to as 'plans' for purposes of this section:

- a. any group or non-group health insurance, or HMO plan;
- b. any other plan, program or insurance policy, including an automobile PIP insurance policy or medical payment coverage which the law permits us to coordinate benefits with;
- c. Medicare, Medicaid and other government programs; and
- d. to the extent permitted by law, any other government sponsored health insurance program.

14.2 **Member's Responsibilities to Avoid Duplication of Coverage.** It is your responsibility to provide us and your Physician with information concerning any duplication of coverage under any other health plan, program, or policy you or your Covered Dependents may have. This means you must notify us in writing if you have other applicable coverage. You may be requested to provide this information at the time you apply for this Contract or at enrollment, by written correspondence annually thereafter or in connection with a specific Health Care Service you receive. **If we do not receive the information we request from you, we may deny your Claims and you will be responsible for payment of any expenses related to denied Claims.**

14.3 **Primary Payer.** The amount of our payment, if any, when we coordinate benefits under this section, is based on whether or not AvMed is the primary payer. When we are primary, we will pay for Covered Services without regard to coverage under other plans. When AvMed is not primary, our payment for Covered Services may be reduced so that total benefits under all your plans will not exceed 100% of the

total reasonable expenses actually incurred for Covered Services. For purposes of this section, in the event you receive Covered Services from a Participating Provider, ‘total reasonable expenses’ shall mean the amount we are obligated to pay to the provider pursuant to the applicable provider agreement we have with such provider; or if there is no such provider agreement, the amount we are obligated to pay the provider pursuant to state or federal law.

- 14.4 **Payment in Excess of Contracted Amount.** When AvMed is not the primary payer, and the primary payer’s payment exceeds AvMed’s contracted amount, no payment will be made for such services.
- 14.5 **Determination of Order of Benefits.** The following rules shall be used to establish the order in which benefits under the respective plans will be determined.
- a. When we cover you as a Covered Dependent and another plan covers you as other than a dependent, we will be secondary.
 - b. When we cover a dependent child whose parents are not separated or divorced:
 - i. the plan of the parent whose birthday, excluding year of birth, falls earlier in the year will be primary; or
 - ii. if both parents have the same birthday, excluding year of birth, and the other plan has covered one of the parents longer than us, we will be secondary.
 - c. When we cover a dependent child whose parents are separated or divorced:
 - i. if a parent with sole parental responsibility is not remarried, the plan of the parent with custody is primary;
 - ii. if a parent with sole parental responsibility has remarried, the plan of the parent with sole parental responsibility is primary; the step-parent’s plan is secondary; and the plan of the parent without parental responsibility pays last; and
 - iii. regardless of which parent has sole parental responsibility, whenever a court order specifies that one parent is financially responsible for the child’s health care expenses, the plan of that parent is primary.
 - d. When we cover a dependent child and the dependent child is also covered under another plan:
 - i. the plan of the parent who is neither laid off nor retired will be primary; or
 - ii. if the other plan is not subject to this rule, and if, as a result, such plan does not agree on the order of benefits, this paragraph shall not apply.
 - e. If you have continuation of coverage under COBRA or the Florida Health Insurance Coverage Continuation Act (FHICCA or ‘mini COBRA’), COBRA or FHICCA would be primary.
 - f. When paragraphs a. through e. above do not establish an order of benefits, the plan which has covered you the longest shall be primary unless you are age 65 or older and covered under Medicare Parts A and B. In that case, the Medicare Secondary Payer provisions will determine which coverage is primary.
 - g. If the other plan does not have rules that establish the same order of benefits as under this Contract, the benefits under the other plan will be determined primary to the benefits under this Contract.
 - h. We will not coordinate benefits against an indemnity-type policy, an excess insurance policy, a policy with coverage limited to specified illnesses or accidents, or a Medicare supplement policy.
- 14.6 **Facility of Payment.** Whenever payments which are payable by us under this Contract are made by any other person, plan, or organization, we will have the right, exercisable alone and in our sole discretion, to pay over to any such person, plan, or organization making such other payments, any amounts we determine to be required in order to satisfy our coverage obligations hereunder. Amounts so paid shall be deemed to be paid under this Contract and, to the extent of such payments, we will be fully discharged from liability.
- 14.7 **Non-Duplication of Coverage.** The benefits under this Contract shall not duplicate any benefits to which you or your Covered Dependents are entitled to, or eligible for, under any insurance policy (except as specifically provided in this Part XIV, government programs (e.g., Medicare, Medicaid, Veterans Administration) or Workers’ Compensation to the extent allowed by law, or under any extension of benefits of coverage under a prior plan or program which may be provided or required by law.

XV. SUBROGATION AND RIGHT OF RECOVERY

- 15.1 **AvMed's Right of Subrogation and Recovery.** If AvMed arranges health care benefits under this Contract for a Member for injuries or illness for which another party is or may be responsible, then AvMed retains the right to repayment of the full cost of all benefits provided by AvMed on behalf of the Member that are associated with the injury or illness for which another party is or may be responsible. AvMed's rights of recovery apply to any recoveries made by or on behalf of the Member from the following third-party sources, as allowed by law, including: payments made by a third-party tortfeasor or any insurance company on behalf of the third-party tortfeasor; any payments or awards under an uninsured or underinsured motorist coverage policy; any worker's compensation or disability award or settlement; medical payments coverage under any automobile policy, premises or homeowners medical payments coverage or premises or homeowners insurance coverage; any other payments from a source intended to compensate a Member for injuries resulting from an accident or alleged negligence. For purposes of this Contract, a tortfeasor is any party who has committed injury, or wrongful act done willingly, negligently or in circumstances involving strict liability, but not including breach of contract for which a civil suit can be brought.
- 15.2 **Member Specifically Acknowledges AvMed's Right of Subrogation.** When AvMed provides health care benefits for injuries or illnesses for which a third party is or may be responsible, AvMed shall be subrogated to the Member's rights of recovery against any party to the extent of the full cost of all benefits provided by AvMed, to the fullest extent permitted by law. AvMed may proceed against any party with or without the Member's consent.
- 15.3 **Member Specifically Acknowledges AvMed's Right of Reimbursement.** This right of reimbursement attaches, to the fullest extent permitted by law, when AvMed has provided health care benefits for injuries or illness for which another party is or may be responsible and the Member or the Member's representative has recovered any amounts from the third party or any party making payments on the third party's behalf. By providing any benefit under this Contract, AvMed is granted an assignment of the proceeds of any settlement, judgment or other payment received by the Member to the extent of the full cost of all benefits provided by AvMed. AvMed's right of reimbursement is cumulative with and not exclusive of AvMed's subrogation right and AvMed may choose to exercise either or both rights of recovery.
- 15.4 **Assent for Member Notification.** Member and the Member's representatives further agree to:
- a. notify AvMed promptly and in writing when notice is given to any third party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to injuries or illness sustained by the Member that may be the legal responsibility of a third party; and
 - b. cooperate with AvMed and do whatever is necessary to secure AvMed's rights of subrogation and reimbursement under this Contract; and
 - c. give AvMed a first-priority lien on any recovery, settlement or judgment or other source of compensation which may be had from a third party to the extent of the full cost of all benefits provided by AvMed that are associated with injuries or illness for which a third party is or may be responsible (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement); and
 - d. pay, as the first priority, from any recovery, settlement or judgment or other source of compensation, any and all amounts due AvMed as reimbursement for the full cost of all benefits provided by AvMed that are associated with injuries or illness for which a third party is or may be responsible (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement), unless otherwise agreed to by AvMed in writing; and
 - e. do nothing to prejudice AvMed's rights as set forth above. This includes refraining from making any settlement or recovery, which specifically attempts to reduce or exclude the full cost of all benefits, provided by AvMed.
- 15.5 **Recovery of Full Cost.** AvMed may recover the full cost of all benefits provided by AvMed under this Contract without regard to any claim of fault on the part of the Member, whether by comparative negligence or otherwise. No court costs or attorney fees may be deducted from AvMed's recovery without the prior express written consent of AvMed. In the event the Member or the Member's representative fails

to cooperate with AvMed, the Member shall be responsible for all benefits paid by AvMed in addition to costs and attorney's fees incurred by AvMed in obtaining repayment.

XVI. DISCLAIMER OF LIABILITY AND RELATIONSHIPS BETWEEN THE PARTIES

- 16.1 **Indemnity of Members.** Members shall not be liable to AvMed or Participating Providers except as specifically set forth herein, provided all procedures set forth herein are followed.
- 16.2 **Indemnity of AvMed.** Neither AvMed nor its agents, servants or employees is the agent or representative of the Member, and none of them shall be liable for any acts or omissions of the Member, his agents or any other person representing or acting on behalf of the Member.
- 16.3 **Relationship of AvMed and Participating Providers.** AvMed does not directly employ any practicing Physicians nor any Hospital personnel or Physicians. These Health Care Providers are independent contractors and are not the agents or employees of AvMed. AvMed shall be deemed not to be a Health Care Provider with respect to any services performed or rendered by any such independent contractors. Participating Providers maintain the Physician/patient relationship with Members and are solely responsible for all Health Care Services which Participating Providers render to Members. Therefore, AvMed shall not be liable for any negligent act or omission committed by any independent practicing Physicians, nurses or medical personnel, nor any Hospital or health care facility, its personnel, other Health Professionals or any of their employees or agents, who may from time to time provide Health Care Services to a Member of AvMed. Furthermore, AvMed shall not be vicariously liable for any negligent act or omission of any of these independent Health Professionals who treat a Member of AvMed.
- 16.4 **AvMed and Health Care Providers.** Neither AvMed nor any of its officers, directors or employees provides Health Care Services to you. Rather, we are engaged in making coverage and benefit decisions under this Contract. By accepting our coverage and benefits, you agree that making such coverage and benefit decisions does not constitute the rendering of Health Care Services and that Health Care Providers rendering those services are not our employees or agents. In this regard, we hereby expressly disclaim any agency relationship, actual or implied, with any Health Care Provider.
- 16.5 **AvMed's Role.** We do not, by virtue of making coverage, benefit, and payment decisions, exercise any control or direction over the medical judgment or clinical decisions of any Health Care Provider. Any decisions we make concerning appropriateness of setting, or whether any service is Medically Necessary, shall be deemed to be made solely for purposes of determining whether such services are covered, and not for purposes of recommending any treatment or non-treatment. In addition, we assume no liability for any loss or damage arising as a result of acts or omissions of any Health Care Provider.
- 16.6 **Member's Ability to Refuse Procedures and Treatment and Consequences Therein.** Certain Members may, for personal reasons, refuse to accept procedures or treatment recommended by Participating Physicians. Physicians may regard such refusal to accept their recommendations as incompatible with the continuance of the Physician/patient relationship and as obstructing the provision of proper medical care and the Physician may terminate his provider relationship with the Member. If a Member refuses to accept the medical treatment or procedure recommended by the Participating Physician and if, in the judgment of the Participating Physician, no professionally acceptable alternative exists or if an alternative treatment does exist but is not recommended by the Participating Physician, the Participating Physician shall advise the Member of its determination.

XVII. GENERAL PROVISIONS

Further, any documents or information properly subpoenaed in a judicial proceeding, or by order of a regulatory agency, shall not be subject to this provision.
 - b. Our arrangements with a provider may require that we release certain Claims and medical information about persons covered under this Contract to that provider even if treatment has not been sought by or through that provider. - 17.8 **Cooperation Required of You and Your Covered Dependents.** You must cooperate with us, and must execute and submit to us any consents, releases, assignments, and other documents we may request in order to administer and exercise our rights hereunder. - 17.16 **Misstatement of Age, Residence, or Tobacco Use.** If any written information has been misstated by you, upon 30-day notice from AvMed the Premium amount owed under this Contract will be what the Premium would have been had the correct information been provided to AvMed. If such misstatement causes us to accept Premiums for a time period during which we would not have accepted Premiums if the correct information had been stated, our only liability will be the return of any unearned Premium. We will not provide any coverage for that time period. This right is in addition to any other rights we may have under this Contract and applicable laws.
- 17.17 **Modification of AvMed Provider Network and Participation Status.** The Engage Plan provider network and the participation status of individual providers available under this Contract are subject to change at any time without prior notice to you or your approval. a. Benefits, Limitations and Exclusions.

- i. Dental Benefits are payable only for covered services. The dental plan covers several categories of Benefits when a Dental Provider furnishes the services and when they are necessary and within the standards of generally accepted dental practice. Claims shall be processed in accordance with the dental plan standard processing policies. Dentists (dental consultants) may be used to review treatment plans, diagnostic materials or prescribed treatments to determine generally accepted dental practices and to determine if treatment has a favorable prognosis. If you receive dental services from a Dental Provider outside the state of Florida, the Provider will be paid according to the dental network payment provisions for said state according to terms of the Provider's Contract.
- ii. If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the Benefit payable. Even if the Dental Provider bills separately for the primary procedure and each of its component parts, the total Benefit payable for all related charges will be limited to the maximum Benefit payable for the primary procedure.

b. Enrollee Coinsurance.

- i. The dental plan will pay a percentage of the Maximum Contract Allowance for covered services, subject to certain Limitations, and you are responsible for paying the balance. What you pay is called the enrollee coinsurance ("Enrollee Coinsurance") and is part of your out-of-pocket cost. You may have to satisfy a Deductible before dental Benefits are paid. You pay the Enrollee Coinsurance even after a Deductible has been met.
- ii. The amount of your Enrollee Coinsurance will depend on the type of service and the Dental Provider furnishing the service (see Section 18.5 Selecting Your Dental Provider.). Providers are required to collect Enrollee Coinsurance for covered services. If the Provider discounts, waives or rebates any portion of the Enrollee Coinsurance to you, the dental plan will be obligated to provide as Benefits only the applicable percentages of the Provider's fees or allowances reduced by the amount of the fees or allowances that is discounted, waived or rebated.
- iii. It is to your advantage to select PPO Providers because they have agreed to accept the Maximum Contract Allowance as payment in full for covered services, which typically results in lower out-of-pocket costs for you. Please refer to Section 18.5 for more information.

c. Pre-Treatment Estimates.

- i. Pre-Treatment Estimate requests are not required; however, your Provider may file a Claim Form before beginning treatment, showing the services to be provided to you. A Pre-Treatment Estimate will estimate the amount of Benefits payable under the dental plan for the listed services. By asking your Dental Provider for a Pre-Treatment Estimate before the Enrollee receives any prescribed treatment, you will have an estimate up front of what your dental Benefits will pay and the difference you will need to pay. The Benefits will be processed according to the terms of the dental plan when the treatment is actually performed. Pre-Treatment Estimates are valid for 365 days or until an earlier occurrence of any one of the following events:
 - 1) the date this Contract terminates;
 - 2) the date the Enrollee's coverage ends; or
 - 3) the date the Dental Provider's agreement with the dental plan ends.
- ii. A Pre-Treatment Estimate does not guarantee payment. It is an estimate of the amount the dental plan will pay if you are covered and meet all the requirements of the plan at the time the planned

treatment is completed and may not take into account any Deductibles, so please remember to figure in your Deductible if necessary.

18.5 **Selecting Your Dental Provider.**

- a. Free Choice of Provider. You may see any Dental Provider for your covered treatment whether the Provider is a PPO Provider, Premier Provider or a Non-Delta Dental Provider. This plan is a dental PPO plan and the greatest benefits – including out-of-pocket savings – occur when you choose a PPO Provider. To take full advantage of your Benefits, it is highly recommend you verify a dentist’s participation status within the dental network before each appointment. Review this section for an explanation of the dental plan payment procedures to understand the method of payments applicable to your Dental Provider selection and how that may impact your out-of-pocket costs.
- b. Locating a PPO Provider. You may access information at www.deltadentalins.com. You may also call Delta Dental’s Customer Service Center and a representative will provide you with information regarding a Provider’s network participation, specialty and office location.
- c. Choosing a PPO Provider.
 - i. The PPO plan potentially allows the greatest reduction in Enrollees’ out-of-pocket expenses since this select group of Providers will provide dental Benefits at a charge that has been contractually agreed upon. Payment for covered services performed by a PPO Provider is based on the Maximum Contract Allowance.
 - ii. Costs incurred by the Pediatric Enrollee for covered services with a PPO Provider apply towards the Out-of-Pocket Maximum for pediatric dental Benefits.
- d. Choosing a Premier Provider.
 - i. A Premier Provider is a participating provider under this dental plan; however, the Premier Provider has not agreed to the features of the PPO plan. The amount charged may be above that accepted by PPO Providers, and Enrollees will be responsible for balance billed amounts. Payment for covered services performed by a Premier Provider is based on the Maximum Contract Allowance, and the Enrollee may be balance billed up to the Premier Provider’s Contracted Fee.
 - ii. Costs incurred by the Pediatric Enrollee with a Premier Provider do not count towards the Out-of-Pocket Maximum for Pediatric Benefits. Enrollee Coinsurance and other cost-sharing, including balance billed amounts, continue to apply when a Premier Provider is used even if the Out-of-Pocket Maximum for Pediatric Enrollees has been met.
- e. Choosing a Non-Delta Dental Provider.
 - i. If a Provider is a Non-Delta Dental Provider, the amount charged to Enrollees may be above that accepted by PPO Providers or Premier Providers, and Enrollees will be responsible for balance billed amounts. Payment for covered services performed by a Non-Delta Dental Provider is based on the Maximum Contract Allowance, and the Enrollee may be balance billed up to the Provider’s Submitted Fee.
 - ii. Costs incurred by the Pediatric Enrollee with a Non-Delta Dental Provider do not count towards the Out-of-Pocket Maximum for Pediatric Benefits. Enrollee Coinsurance and other cost-sharing, including balance billed amounts, continue to apply when a Non-Delta Dental Provider is used even if the Out-of-Pocket Maximum for Pediatric Enrollees has been met.
- f. Additional Obligations of PPO Providers
 - i. The PPO Provider or Premier Provider must accept assignment of Benefits, meaning these Providers will be paid directly after satisfaction of the Deductible and Enrollee Coinsurance. The Enrollee does not have to pay all the dental charges while at the dental office and then submit the claim for reimbursement.
 - ii. The PPO Provider or Premier Provider will complete the dental Claim Form and submit it to the dental plan for reimbursement.
 - iii. The PPO Provider will accept contracted fees as payment in full for covered services and will not balance bill if there is a difference between Submitted Fees and PPO Contracted Fees.

g. How to Submit a Claim

- i. Claims for Benefits must be filed on a standard Claim Form that is available in most dental offices. PPO and Premier Providers will fill out and submit your claims paperwork for you. Some Non-Delta Dental Providers may also provide this service upon your request. If you receive services from a Non-Delta Dental Provider who does not provide this service, you can submit your own claim directly to the dental plan. Please refer to the section titled “Dental Claim Form” for more information.
- ii. Your dental office should be able to assist you in filling out the Claim Form. Fill out the Claim Form completely and send it to:
Delta Dental
P.O. Box 1809
Alpharetta, GA 30023-1809
678-297-1972 fax

h. Payment Guidelines

- i. PPO or Premier Providers are not paid any incentive as an inducement to deny, reduce, limit or delay any appropriate service.
- ii. If you or your Provider files a claim for services more than 12 months after the date you received the services, payment may be denied. If the services were received from a Non-Delta Dental Provider, you are still responsible for the full cost. If the payment is denied because your PPO or Premier Provider failed to submit the claim on time, you may not be responsible for that payment. However, if you did not tell your PPO or Premier Provider that you were covered under this dental plan at the time you received the service, you may be responsible for the cost of that service.
- iii. This dental coverage is arranged by AvMed and administered by Delta Dental. If Delta Dental is unable to pay a dental claim for covered services, AvMed remains responsible for payment of such claim consistent with the terms and conditions of this Contract.
- iv. If you have any questions about any dental charges, processing policies or how your claim is paid, please contact Delta Dental.

i. Provider Relationships

- i. Any PPO, Premier or Non-Delta Dental Provider, including any Provider or employee associated with or employed by them, who provides dental services to an Enrollee does so as an independent contractor and shall be solely responsible for dental advice and for performance of dental services, or lack thereof, to the Enrollee.

18.6 Grievances and Appeals.

- a. If you have questions about any pediatric dental services received, please first discuss the matter with your Dental Provider. However, if you continue to have concerns, please call Delta Dental’s Customer Service Center. You can also email questions by accessing the “Contact Us” section of the dental plan website at www.deltadentalins.com.
- b. Grievances.
 - i. Grievances regarding eligibility, the denial of dental services or claims, the policies, procedures, or the quality of dental services performed by the Dental Provider may be sent in writing to the dental plan or by calling toll-free at 800-521-2651.
 - ii. When you write, please include the name of the Enrollee, the AvMed Member ID number and your telephone number on all correspondence. You should also include a copy of the Claim Form, claim statement or other relevant information. Your claim statement will have an explanation of the claim review and any grievance process and time limits applicable to such process.
 - iii. You and your Provider will be notified if Benefits are denied for services submitted on a Claim Form, in whole or in part, based upon lack of medical necessity. Any such denial will be based upon a determination by a Provider who holds a non-restricted license in the same or an appropriate specialty that typically manages the dental condition, procedure or treatment under

review. You and your Provider have at least 180 days after receiving a notice of denial to request a review in writing giving reasons why you believe the denial was wrong. Send your grievance to Delta Dental at the address shown below:

Delta Dental Insurance Company
P.O. Box 1809
Alpharetta, GA 30023-1809
678-297-1972 fax

iv. Delta Dental will send you a written acknowledgment within five (5) days upon receipt of your grievance and will review and send you a decision within 30 days. The review will take into account all comments, documents, records or other information, regardless of whether such information was submitted or considered initially. If the review is of a denial based in whole or in part on lack of dental necessity, experimental treatment or clinical judgment in applying the terms of the dental Benefits there will be consultation with a dentist who has appropriate training and experience. The review will be conducted by a person who is neither the individual who made the claim denial that is subject to the review, nor the subordinate of such individual.

c. Appeals

i. If you believe you need further review of your dental claim you may contact your Florida Department of Financial Services.

18.7 General Provisions

a. Clinical Examination

i. Before approving a dental claim, Delta may require information and records relating to the treatment provided to you, to administer the claim. Examination may be required by a dental consultant in or near your community or residence. Every case will hold such information and records confidential.

b. Written Notice of Dental Claim/Proof of Loss

i. There must be written proof of loss within 12 months after the date of the loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to give written proof in the time required provided that the proof is filed as soon as reasonably possible. A notice of claim submitted by you, on your behalf, or on behalf of your beneficiary with information sufficient to identify you will be considered notice of claim.

ii. Send your Notice of Claim/Proof of Loss to Delta Dental at the address shown below:

Delta Dental Insurance Company
P.O. Box 1809
Alpharetta, GA 30023-1809
678-297-1972 fax

c. Claim Form

i. Within 15 days after receiving a notice of a claim, you or your Dental Provider will be provided with a Claim Form to make claim for Benefits. To make a claim, the form should be completed and signed by the Provider who performed the services, and by the patient (or the parent or guardian if the patient is a minor), and submitted to the address above.

ii. If a Claim Form is not sent to you or your Provider within 15 days after you or your Provider gave notice regarding a claim, the requirements for proof of loss outlined in the section “Written Notice of Claim/Proof of Loss” above will be deemed to have been complied with as long as you give written proof that explains the type and the extent of the loss that you are making a claim for, within the time established for filing proofs of loss. You may also download a Claim Form from the dental plan website at www.deltadentalins.com.

d. Time of Payment

i. Dental claims payable for any loss other than loss that is a periodic payment will be processed no later than 30 days after written proof of loss is received in the form required. You and your

Provider will be notified of any additional information needed to process the claim within this 30 day period.

e. To Whom Benefits Are Paid

- i. It is not required that the service be provided by a specific dentist. Payment for services provided by a PPO or Premier Provider will be made directly to the dentist. Any other payments will be made to you unless you request in writing when filing a proof of claim that the payment be made directly to the Dental Provider providing the services. All Benefits not paid to the Provider will be payable to you or to your estate, or to an alternate recipient as directed by court order, except that if the person is a minor or otherwise not competent to give a valid release, Benefits may be payable to his or her parent, guardian or other person actually supporting him or her.

- b. If an Enrollee receives Optional Services, an alternate Benefit will be allowed, which means the dental plan will base Benefits on the lower cost of the customary service or standard practice instead of on the higher cost of the Optional Service. The Enrollee will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the customary service or standard procedure.
- c. Claims shall be processed in accordance with the dental plan's standard processing policies. The processing policies may be revised from time to time; therefore, the dental plan shall use the processing policies that are in effect at the time the claim is processed.  - dd. When a posterior fixed bridge and a removable partial denture are placed in the same arch in the same treatment episode, only the partial denture will be a Benefit.
 - ee. Recementation of Crowns, Inlays/Onlays or bridges is included in the fee for the Crown, Inlay/Onlay or bridge when performed by the same Provider/Provider office within six (6) months of the initial placement.

 - gg. The dental plan limits payment for dentures to a standard partial or complete denture (Enrollee Coinsurances apply).
