

AvMed → Availity Essentials Provider Quick Guide

AvMed has partnered with **Availity Essentials** to launch an enhanced Provider Portal experience. Features and access to Availity Provider Portal will begin 1/1/2026.

Feature	Availity Essentials
What it is	Availity Essentials is a secure, web-based provider portal that allows providers to verify eligibility, submit claims, check claim status, and access payment and remittance information for multiple payers in one location.
Scope	Available to all AvMed contracted providers and delegated entities for administrative transactions including eligibility, benefits, claims, and authorizations.
Provider fees	No fees to access Availity Essentials.
Multi-TIN support	Yes. Providers can manage multiple Tax Identification Numbers (TINs) and locations under a single Availity account with appropriate permissions.
Portal & URL	Access through www.availity.com . Select "Register" to create an account or "Log in" if you already have one.
Best for	Providers who want a single, centralized platform to manage claims, payments, and eligibility inquiries across multiple payers.
Support	Availity Client Services: 1-800-AVAILITY (1-800-282-4548) or AvMed Provider Operations support for payer-specific assistance.
Already enrolled?	If you already use Availity for other payers, simply add AvMed as a payer — no new registration required.
